RORY BAKER PHOTOGRAPHY

WORKSHOP OVERVIEW

Join us at Tembe Elephant Park for an unforgettable photography workshop experience with your workshop host Rory Baker Photography. Whether you're a novice or already experienced, you'll gain valuable hands on skills and insights in this inspiring setting.

Optional Day: If you want to spend time working over your camera setup and catching up with the basics of things like exposure then this additional day is recommended - see *the special rate*.

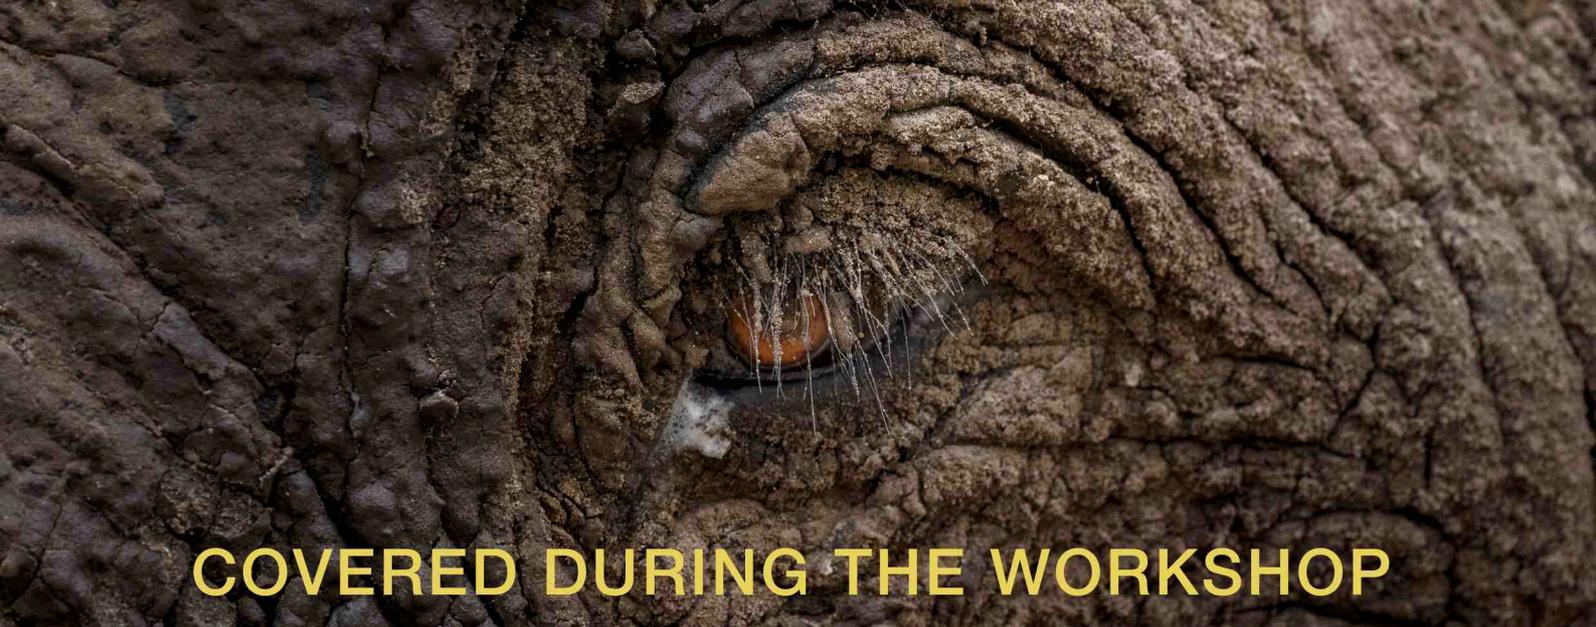

Day 1: Guests arrive by midday and check in. After lunch, your photography host will welcome you with an introduction outlining what to expect over the coming days.

Days 2–4: Start each day with an early morning game drive, followed by breakfast. Then, enjoy a 2 to 2.5-hour photography session covering several topics (see below). After lunch we head out for an afternoon game drive. In the evening, after dinner, your photography host will be available for image downloading, editing sessions, and Q&A.

Day 5: Begin with an early morning game drive and breakfast. Afterward, your photography host will offer closing remarks and a final Q&A.

COVERED DURING THE WORKSHOP

Practical coaching on game drives.

Classroom Sessions include:

- Photography Essentials: shooting modes, exposure, focusing modes, WB, DOF, etc.
- Wildlife Photography: broken down into topics like gear, technical, portraits, groups, action, etc.
- Bird Photography: broken down into various topics like gear, technical, bird on a stick, bird in water, bird in flight, etc.
- Other photography like closeup and macro, flowers etc.
- Post-processing tips and examples.
- Photo critique and lots of Q&A.

“Thanks for a great experience! I enjoyed every minute of the workshop. The theoretical tuition added to the enjoyment. All said a superbly planned photography workshop” - MD

Rory finds a good balance between theory and practical application thus making the workshop a great learning experience as well as a lot of fun.” - GF
